

TROOP 15 DEMOLITION DERBY RULES

Contrary to the Cub Scouts' pinewood derby, our "open class" demolition derby has very few rules!

1. No flames or flammable liquids!
2. No motorized blades!
3. Cars must fit on track.
4. Any sharp objects must be properly protected/sheathed until race time and handled safely at all times.

No weight or height limit. Who said you can't add a motor?! Lights? Sound??

You can use any wheels or materials you want. You can use whatever you want so that your car can best destroy your opponent's car, and put on a good show.

Award categories may include:

- Most destructive design
- Wildest looking car
- Best paint job
- Best sound system
- Best lighting system
- Most creative
- Most complex
- Best Holiday spirit
- Best propulsion system (gravity? Rubber band? CO2? Motor?)
- Tallest and Heaviest
- Least durable
- Ugliest
- Any other applicable categories!!
